Hi Julie,

I just thought I would drop you an email to say Thank you.

Please could you say a BIG THANK YOU to Colin our Driver today for being such a nice driver. He was very chatty and made us feel very welcome on his coach. He also got us to our destination and back again safely (which was a worry for me as it is the first coach journey I have done as a leader in charge)

We will definitely be using you again when we run summer club next year.

Once again Thank you to everyone involved in our booking. The kids had a fantastic time at the animal park we went to.
